2025南南国际学术会议： 绿色生态与可持续发展

习近平主席指出：“尊重自然、顺应自然、保护自然，是全面建设社会主义现代化国家的内在要求。必须牢固树立和践行绿水青山就是金山银山的理念，站在人与自然和谐共生的高度谋划发展。绿色发展是高质量发展的底色，新质生产力本身就是绿色生产力”。

本次国际会议将以习主席重要思想为指引，邀请中外专家与地方官员开展深入探讨，并设立三个单元：

单元一：绿色生态发展的经验交流。交流国内国外的相关经验。

单元二：绿色与可持续的理论探讨。现代化与乡村振兴，全球治理与区域可持续发展等。

单元三：从绿色与可持续的角度分析国际局势与世界走势。以绿色生态议题加强全球南方的紧密联系与合作。

本次会议深入探讨绿色与可持续如何在当前的条件下孕育新的生机，促进构建以生态文明为基础的人类命运共同体。

2025 South South International Conference on Sustainability: Green and Sustainability

The theme of this international conference is based on President Xi Jinping's statement: "Respecting nature, conforming to nature, and protecting nature are intrinsic requirements for comprehensively building a modern socialist country. We must firmly establish and practice the concept that 'green mountains and clear waters are as valuable as mountains of gold and silver,' and plan development from the perspective of harmonious coexistence between humans and nature. Green development is the foundation of high-quality development, and new productive forces are inherently green productive forces."

This international conference will be structured around three themes:

One: Exchange of experiences on green ecological communities. Exchange of relevant experiences from both Chinese and international contexts.

Two: Theoretical Discussions on Green and Sustainable Development. Topics include modernization and rural revitalization, global governance, and regional sustainable development.

Three: Analyzing the international landscape and global trends from a green and sustainable perspective. Connecting the Global South through green ecological issues.

This conference will deeply explore how green and sustainable development can foster vitality under current conditions and promote the construction of a community with a shared future for mankind based on ecological civilization.
